

Established 2003

SBTS mission: Building sustainable recreation-based communities through stewardship, job creation and world-class events. Providing quality outdoor experiences through trail construction and maintenance in the Lost Sierra.

www.SierraTrails.org

It is our goal to preserve, restore, and enhance trails in the Tahoe, Plumas and Lassen National Forests in an environmentally sensitive and ecologically responsible fashion.

We exist to bring a connection between the land and the people who enjoy it by teaching stewardship, restoring historic trail routes and creating new paths through the Lost Sierra region.

The work performed by our organization and volunteers is helping preserve enjoyable backcountry trail access for generations to enjoy.
